First-Year Admission Guidelines

Our Promise – A Comprehensive Review

The admissions team at the University of Arizona realizes that personal excellence can and should be evaluated by more than just academic achievement. Through our Comprehensive Review process, we are expanding access to students who will bring unique life experiences and personal achievements to our campus community.

Admission and scholarship award decisions are driven by comprehensive review. Every application may be reviewed by up to two different reviewers before a final decision is made. This process allows us to consider more than a student's academic profile. Factors such as class rank, strength of curriculum, performance in curriculum, and grade point average in required core academic courses will be considered. Other factors may include leadership, service, work experience and extracurricular activities; personal characteristics, attributes, and talents; and the ability to benefit from and contribute to a diverse and challenging learning environment. We are interested in learning more about the student's preparedness, motivation, and potential in the unique context of their experience. Applicants will have the opportunity to include a brief statement to share any discrepancies in their academic record or any additional information they would like to include. Through this process, we are making more comprehensive and individualized admission and scholarship decisions.

In recognition of the high level of academic aptitude and course work competency demonstrated by many students who seek admission to UA, we also offer Assured Admission. Students may earn admission to UA through the Assured Admission process if they attend a regionally accredited high school, rank in the top 25 percent of their graduating class, and have no course work deficiencies as prescribed by the Arizona Board of Regents or earn an unweighted GPA of 3.0 or higher in their core coursework. Applicants who do not meet the Assured Admission criteria are still considered for admission through comprehensive review.

Students who take the General Education Development Test (GED) must submit official test scores and meet the minimum requirements to be considered for admission. Students who took the Fourth Test Series between 2001-2013 must earn an average of 500. Students who took the Fifth Test Series beginning 2014 to present must earn an average of 680 AND each content module requires a minimum score of 170.

Home-schooled students will be considered on the basis of portfolio/course work, and comprehensive review

Notes

Some programs or colleges may require additional application information and/or admission requirements. If students apply to those programs and do not meet the additional qualifications, they will be considered for admission in another program for which they may qualify. For a complete program listing, please visit arizona.edu/degree-search. Estimating the likelihood of admission is very difficult without considering the complete application file. Thus, it is crucial for applicants to carefully complete the process by providing timely, comprehensive and accurate information.

A separate application is required to enroll in the SALT Center. The SALT Center provides individualized academic support by offering a comprehensive range of services for students with learning and attention differences. There are additional fees to use SALT Center services. You must apply to both the University and to the SALT Center in order to be considered for admission to the SALT Center. Due to the high demand of these services, it is also recommended that you submit your application to the SALT Center at the same time or very soon after submitting the UA application. For more information, call 520.621.8493 or visit salt.arizona.edu.

A separate application is also required to enroll in the W. A. Franke Honors College. The W. A. Franke Honors College is home to bright, motivated students who want to take advantage of everything the UA has to offer while also having the support of a small, diverse community of scholars. Honors Wildcats have enhanced research access, priority course registration, smaller class sizes, and many other benefits. for more information, call 520.621.6901 or visit frankehonors.arizona.edu

Transfer Admission Requirements

You will be considered for transfer student admission if you meet the following criteria at the time of application:

- 12 or more transferable college semester credits post-high school
- A recalculated cumulative GPA of 2.0 or higher
- Fulfilled the course competencies by the Arizona Board of Regents

OR

- 12-23 transferable post-high school college semester credits completed or in progress
- A recalculated cumulative GPA of 2.0 or higher
- 2.0 cumulative high school GPA
- Fulfilled the course competencies by the Arizona Board of Regents

NOTE: Arizona Board of Regents Course Competencies are waived if you are 22 years of age or older in both situations.

Arizona residents will be admitted with one of the following:

- Successful completion of the Arizona General Education Curriculum, AGEC, and a minimum recalculated cumulative GPA of 2.0 (on a 4.0 scale).

Admission decisions will be released the semester before you intend to enroll once your application is complete. For example, if you apply for fall 2023, a decision will be made in spring 2023.

This application packet is for first-year and transfer applicants to the University of Arizona who are U.S. citizens or permanent residents, asylees, refugees or DACA. If you are applying for readmission to UA, or as a non-degree-seeking student, or as an international student, this is not the correct application for you. Please go to arizona.edu/future-students to apply using the appropriate application.

FIrst-Year Application Checklist:

A complete application for a first-year applicant MUST include:

- ◯ Completed online or paper application
- ◯ A completed application includes self-reported grades through 6th semester of high school and senior courses in progress for initial admission consideration. For more information regarding self-reported grades go to http://arizona.edu/admissions/faqs#srg
  - An official final (8-semester, with graduation date) high school transcript must be submitted before you enroll. Self-reported grades will be used for the initial evaluation and review for an admission decision. Please do not send us your official transcripts at this time. More information will be provided upon admission.
- ◯ Application Processing Fee
  - $50 (Arizona Resident), $80 (Non-Resident) or an eligible fee waiver.
  - This fee is nonrefundable and nontransferable.

If you have earned a GED certificate, provide official GED test results.

Apply for admission and financial aid as early as possible during your senior year of high school. Applications submitted or completed after the deadline may not be considered. Apply for housing, orientation, and summer programs immediately after admission. Your future housing assignment will be based on your housing application date and other factors, not on your UA admission date.

Transfer Application Checklist:

A complete application for a transfer applicant MUST include:

- ◯ Completed online or paper application
- ◯ Official transcript(s)
  - Official transcripts from all college and universities attended, even if credit was not established, must be submitted directly from those institutions. If name changes have occurred ensure that your current name is included on all transcripts.
  - An official high school transcript, home school transcripts or GED must be submitted if you are under age 22 or if you have less than 12 transferable college credits complete at the time you apply.
- ◯ Application Processing Fee
  - $50 (Arizona Resident), $80 (Non-Resident).
  - This fee is nonrefundable and nontransferable.

Apply one semester before you intend to enroll. Applications submitted or completed after the deadline may not be considered. Application deadlines for specific majors may be earlier. We encourage you to contact appropriate departments or visit their Web sites for more specific information about application deadlines and/or additional requirements.

FIRST-YEAR: The College of Engineering reviews applications of interested students. We use the following criteria to assess applicants for admission:

- math and composite scores for SAT or ACT (if test scores are provided)
- academic GPA, class rank
- rigor of high school courses (honors and AP/IB classes)
- performance in math and science classes
- participation in engineering/science camps, clubs, classes

Admitted engineering students will be identified as No Major Selected- Engineering. Prior to Orientation, students who have been admitted to the honors college will have the opportunity to select their engineering major. Others will remain as No Major Selected for at least their first semester. Please refer to the College of Engineering website for additional information on admission.

No Major Selected Engineering

TRANSFER: To be considered for admission to engineering, applicants must have a calculated* minimum GPA of 2.5 or higher, transferable Calculus I credit, and supporting science coursework (e.g. chemistry, physics, etc.).

*The GPA is recalculated based on coursework applicable to the engineering curriculum.

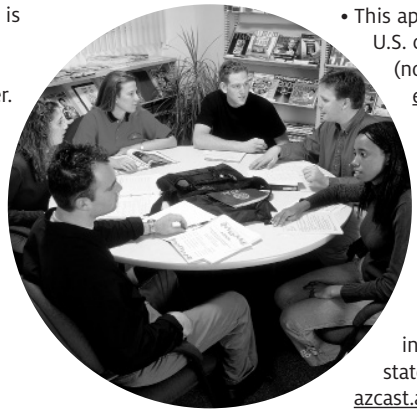
General instructions

- Read the application instructions and information carefully.
- Apply early. We start reviewing an application as soon as we receive all required materials. The earlier you submit your complete application, the earlier you will receive a decision. Applications cannot be reviewed until they are complete.
- Submit the application processing fee: $50 for Arizona residents or $80 for non-Arizona residents. This fee is nonrefundable and nontransferable. Applications are valid for one term only. Fee payment options include check, money order, credit card, or eligible fee waiver. If you plan to pay the application fee by credit card, it is best to apply online. Meet with your high school admissions counselor if you believe you qualify for an application fee waiver.
- If you choose to apply using a paper application, submit the application and additional required materials. Remember to sign your application and keep a copy of all documents for your records. Be sure to complete the entire application, if you leave any information blank it will delay the processing of your application.
- First-year applicants will be asked to provide self-reported grades in the 16 ABOR (Arizona Board of Regents) high school course work competencies. These self-reported grades will be used for initial evaluation and review for an admission decision.
- If you feel that your academic performance in high school or college was adversely affected by special circumstances, summarize the information on the additional information sheet provided (include dates where applicable).



- This application is for first-year and transfer applicants who are U.S. citizens or permanent residents. International students (non-immigrants) should call 520.621.7524 or visit everywhere.arizona.edu/apply/undergraduate
- The University of Arizona has locations around the state, serving Arizona communities as part of the University's land grant mission. These statewide locations offer upper-division courses and programs for transfer students to complete a Bachelor's degree close to home! Programs are available at Chandler, Douglas, Gilbert, Nogales, UA @ Pima Community College campuses (Tucson), Sierra Vista, Sunnyside and Yuma. For information regarding completing your degree through a statewide location, please call 520.458.8278, ext.2120, or visit azcast.arizona.edu
- To request a disability-related accommodation in the admission process, e-mail us at drc-info@email.arizona.edu or call us at 520.621.3268.

Questions you might ask

1. Will I be considered for admission?
Yes. We review every complete application, provided all required documents/materials are submitted by the appropriate deadline. Please visit arizona.edu/admissions or call 520.621.3237 for more details.

2. What are the different ways I can apply?

As an undergraduate degree-seeking applicant, there are two ways you can apply for admission. The preferred method for you to apply is online by visiting https://slate.admissions.arizona.edu/apply/. (The main advantages of applying online include immediate submission, electronic acknowledgement, and the potential for faster processing.) You may also choose to download the application, print out the appropriate PDF version, complete and submit that form of application.

3. Can I submit my high school transcript(s) before I apply?

High school transcripts are not required for the initial evaluation and review for an admission decision. Applicants are asked to provide self-reported grades. If you are admitted and decide to enroll at the University of Arizona, you will be required to submit a final, official high school transcript after graduation. Official high school transcripts will be used to confirm all self-reported coursework and grades were reported accurately prior to enrollment at the University of Arizona. If you provide false information for the purpose of GPA or course improvement it may invalidate further consideration for admissions or result in rescinding of the offer for admission and scholarships.

4. Why do you ask for my Social Security number?

Your Social Security Number is required to apply for financial aid, certain scholarship applications, and to comply with IRS reporting requirements. If you are not planning to apply for federal financial aid you are not required to provide your Social Security Number.

5. I am a first-year applicant. What are the main factors you will consider in the comprehensive review of my application file?

We consider the academic and non-academic elements of your application. In the area of academic profile, we look at the strength of your curriculum, your performance in the curriculum, and your academic aptitude or achievement as demonstrated by scores on standardized tests. In the non-academic aspects of your application, we look at your activities summary and your unique life experiences, attributes, achievements and talents and additional information shared in your responses. You will have an opportunity to submit an optional statement if you would like to share additional information for the admissions office to consider.

6. If my high school does not rank, can I still be considered for admission?

Absolutely. We consider much more than the traditional measures of past and projected performance and promise. The absence of class rank will not be a disadvantage to a prepared and motivated student.

7. Do I need to have a certain test score in order to be considered for admission?

No, there is no minimum required test score. ACT/SAT scores are not required for general admission to the university, tuition scholarship eligibility or admission to our more selective programs such as the W.A.Franke Honors College. If a student chooses to submit ACT/SAT Scores, they may be used to assist in class placement at orientation or help fulfill core course competency requirements.

8. How many college units do I need to have completed in order to be considered a transfer applicant?

In order to be considered for admission as a transfer applicant, you must have completed a minimum of 12 transferable college semester credits/units after high school by the time you apply and be a high school graduate (or equivalent). For more details see Transfer Admission Requirements on page 2.

9. Can I submit additional materials such as letters of recommendation?

Any non-required materials will not be considered or retained. Therefore, we recommend that you do not submit any additional materials other than what is requested on the application. If you are applying to the Honors College, one letter of recommendation is required. You will be asked to provide your recommender's contact information within the Honor's application.

10. What are the average academic profile of last year's entering first-year class?

The freshman entering the UA in the fall of 2022 and enrolling full-time had an unweighted mean GPA of 3.66.

11. Am I an Arizona Resident?

If you are not certain about which application processing fee to pay, the $50 or the $80, we encourage you to call the UA Residency Classification Office at 520.621.3636. You may also visit their Web site at www.registrar.arizona.edu/support-services/residency-classification-tuition-purposes/residency-guidelines. (Remember, if you will be submitting an eligible application processing fee waiver, you will not need to determine which fee we will waive.) If you plan to submit a fee waiver do not submit a payment with your application. We will not be able to refund the application fee even if we receive a fee waiver after you have paid.

6

12. When will I be notified about my admission decision?

Once we have your complete application, including all required additional materials, it usually takes 1-2 weeks for application processing and review to be completed and for your notification to be sent. See the checklist in this application for a description of a complete application on page 3. Please visit https://arizona.edu/admissions/first-year/deadlines for more details.

13. How can I contact the Office of Admissions?

You can reach us by telephone, e-mail, facsimile, or mail. You may also visit us online at admissions.arizona.edu. For immediate service, referrals, and answers on the telephone, please call our main Admissions Information Center at 520.621.3237. Our email address is admissions@arizona.edu. If you wish to send us a fax, please use 520.626.7415. (Remember that faxed materials are not accepted as official documents.) Any and all required documents or materials, as well as various requests and inquiries and other items, may be sent to Admissions at the following address: Office of Admissions, University of Arizona, PO Box 210073, Tucson, AZ 85721-0073.

College transcripts should be mailed to: Registration & Transcripts, University of Arizona, PO Box 210066, Tucson, AZ 85721-0066

14. How do I satisfy the academic course work requirements or competencies, as a first-year or a transfer applicant?

Course work competency requirements

All first-year applicants and all transfer applicants under age 22 are expected to satisfactorily complete the Arizona Board of Regents' course work competencies as identified in the table below. See the table below for the course work competency requirements and for specific scores and/or courses needed. To make up any course work deficiencies with transferable college courses, see table below, right-hand column. If you have met a subject area in high school, you do not need to satisfy college course work requirements in that area for admission purposes.

15. What do I do after I am admitted?

After earning admission to the University of Arizona you will be asked to confirm your intention to become a new Wildcat. Your admissions package will include the next steps.

16. When may I apply to Housing?

As soon as you are admitted to the University you can apply to live on campus. Dorms typically fill up quickly, so apply for housing as soon as possible. For more information check out our website https://housing.arizona.edu, call 520.621.6501 or email housing@life.arizona.edu. Go to nextsteps.arizona.edu for more information.

High School Coursework

The University of Arizona is committed to providing you with an admissions decision as quickly as we can. To aid in our efforts, we request that you provide us with your core high school courses and grades. On the following page you will provide information for the six subject areas that are part of the 16 high school core competency coursework requirements: English, Math, Lab Science, Social Science, Second Language, and Fine Arts or Career & Technical Education (CTE). For more details on the 16 high school competency requirements refer to page 7. Only applicants offered admission, and who intend to enroll at the University of Arizona, will be required so submit their final official high school transcript with their graduation date displayed to verify the grades you reported on this application.

Indicate the coursework you have completed and grades you have received. Also list the courses you plan to complete during your senior year of high school. Include any college credit(s) you have completed or will complete by the time you graduate from high school. You must obtain a copy of your high school transcript and use it to complete the self-reported section of your application. Your self-reported grades should match those displayed on your transcript. For example, if your transcript only lists final grades, then you must report final grades, even if you know your semester grades. The official transcripts will be used to verify the information you self-report. If you provided inaccurate information, your admission may be revoked or your enrollment cancelled.

- You are required to indicate at least which courses you have in progress for any of these subject areas.
- If you provide us with each of the 16 high school core competency coursework requirements in this section, your admission decision will be based upon this information. You will not need to submit a transcript until after your graduation from high school. If your final high school transcript indicates that you do not meet the minimum standard for admission to the University of Arizona, your admission may be rescinded.
- If you only provide your senior year coursework or do not provide complete information in this section, you will need to send us an official transcript.
- If you fill out this section completely you will receive a faster admissions decision, and the self-reported grades you provide will replace official high school transcripts during the initial admission review process. For more details and FAQs visit http://arizona.edu/admissions/faqs#srg
